

SEPTEMBER 19TH 2021

THE EMU POINT BOWLER

Hello all members after a long cold wet winter. Spring is finally here and hopefully it will put a spring in your step for the coming bowling season.

Ladies Opening Day is next Wednesday 22nd September.

Our main combined Opening Day will be next Saturday 26th.

This is sponsored by Len and Helen Browns G&M Detergents and Camerons Caravans so come in your Club togs.

Ladies or men (if they are capable) are asked to bring a small plate for afternoon tea.

Sad news this week on the passing of Bev Crosby, beautiful wife of Kelvin. We are all inwardly crying and grieving for you buddy.

On a different note our new royal blue mens club trousers are available to order at Albany SportsPower. They have the full range of sizes for fitting and are in two styles. Fitted City Club \$81 or Drawstring style \$63, shorts \$45. This is a special bulk price at 10% off. Men are encouraged to get their order in and as soon as there is enough the order will go in. The League has given us two years for the complete changeover but the sooner the better.

The grounds committee are currently getting quotes for a fully automatic reticulation system. A members busy bee to do some of the shovel work will save us a lot of money so men, expect to roll up your sleeves sometime early this season.

The committees have been working hard behind the scenes to get our bowls fixtures ready and our fixture books are currently at the printers. Hopefully they will be available on Opening day.
