Pictured here is our latest acquisition (a roller) with one of our older acquisitions, Wal. The roller is looking for a new carburettor so if anyone knows where an old Briggs and Stratton 5 HP I/C Red motor is we would appreciate it. Well we finally start progress on our new greens tomorrow, so to any able bodied person who is available to help roll up the old carpet there will be a busy bee  
If any member knows

of someone who would like to purchase some of the carpet to go on the garden, the tennis court, the garage floor etc then let us know.
